How our Quickbooks setup works for YOU.

As with any accounting software program, installation and training take time.
That's time taken away from managing your business...

Here's a short list of
the services we provide
during your
QuickBooks setup.

How much does it cost?

Every client is unique.

So are their accounting needs.

We'll need to find out more about your business and your accounting records before we are able quote an exact price.

We work with many small business owners just like you. You can rest assured that our rates are designed to fit the budgets of our clients.

We look forward to partnering with you and your business. If you have any questions, please do not hesitate to contact our office.

- Study, evaluate and make recommendations regarding your specific software and accounting needs.
- Install software, design and set up chart of accounts and entire accounting package, including payroll, accounts receivable, accounts payable, inventory, etc.
- Load your chart of account and balances as of your starting date.
- Preparation of a list of the items that you sell to your customers. This list includes services, inventory parts, non-inventory parts, other charges and sales taxes
- Entering your (as of your starting date) into Quickbooks:
 - outstanding AR and AP details
 - ending statement bank balances
 - outstanding checks & deposits in transit
 - transactions
- Train you and your staff to get the most from your new Quickbooks software.
